

Dear Blue Class,

Hope you and your families are well. Can you believe that we have not been at school for four weeks already? Anyway I thought you might like to know what we have been doing. Duygu has asked me to tell you how much she is really missing you. She still spends a lot of time playing with her cat and she has been taking care of her garden, you can see how beautiful her flowers are. She had a lovely quiet Easter and she did not eat all of her eggs.

Tracy is really missing her lovely grandchildren and her children but she gets lots of phone calls from them all. She is still taking Jack for walks and we bumped into each other at Forty Hall where he chased the ducks. Tracy ate a few more eggs than Duygu over the Easter break but I think I ate the most. Tracy sends a big hug and she misses you all too.

I have continued to spend a lot of time in my office working, playing my piano, cello, guitar and even my saxophone and I hope that you are all making some sort of musical sound either with an instrument or your voice. I think my neighbours cannot wait for me to go back to work. When the weather is nice I go for long bike rides and I have been along the Lee Valley Canal where I have seen horses, (then I think of Joel), ducks, sheep, swans all sorts of different birds and the odd person. It is still a bit strange spending both day and night in my really quiet house and I am missing you all!

I have been looking at all your lovely work on Purple Mash. I love seeing your messages they are so sweet and remind me of you. I hope that you are also doing some work in your books and I look forward to sharing your work with you when we get back to school.

In the meantime enjoy your time at home and try to do some work so that you are all challenging yourself every day. It does not matter if you get things wrong as long as you have a go!!! Keep safe and look after your mums and dads!

Stay safe and healthy

Duygu, Tracy and Hazel
