

Dear Gold Class children,

I hope you are all well and happy, enjoying the sunshine and the start of Spring!

What have you been doing this week?

On Saturday I baked cakes to sell in a shop. On Sunday I took food to my parents and wished my friend Happy Birthday from outside of her house.

On Monday I took a Pilates lesson with Saffron and Marisa on Skype.

This week I have made a blended vegetable soup, been for several walks and cycle rides, one each per day, been for a night walk, read some bedtime stories and I have worked in the garden.

I have tried to follow Joe Wicks each day – I hope you have too.

If you want to get busy, you could play shops, using coins and notes from your parents' purse. Practise writing numbers for signs and see if you can count pennies to the right amount. Label or write on how much things in your shop cost with different amounts to start with up to 5p. You could even try adding up and taking away to give change.

Best wishes for Happy playing!

PS. Send in your photos
