

Dear Children and Parents of Gold Class,
What a busy week this was with work and family! I have 3 sisters and this week we all had a lovely chat together. One of them travels to work; another, who organises London's transport, has been working at home.

One of them has been making masks for people.

I have been experimenting with bread making for my parents:

with packet yeast

with sourdough starter. Which one looks best?

I also made a bear:

I bought some birdseed and worms to watch the baby birds coming to feed.
I have really missed you this week; how you have been getting on with your siblings and your parents? At home we have had lots of hugs which always makes one feel good! I wish you a positive week, stay happy and when the clouds come, think of all the things you can do indoors and make a list which you can tick off and celebrate!

Love to you all,

Caroline.

Hi Gold class,

I have just returned from school and it's very strange without you all, we had five children in today and we had a lovely day making robots, creating cards and playing out doors. Here is a photo of the robots we made.

I hope you guys are having fun and are eager to keep on learning. This week has been a little bit quiet, I have been reading lots in my garden and taking my tortoise Herman out for his daily walk. He really loves it, particularly when he stumbles upon a dandelion leaf!

Hope all is well with you and your families, missing you very much!
Lots of love, Sanja

Birthdays

Unfortunately, we have missed being able to celebrate the 5th birthdays of Joseph, Jenessa, Edith and Ethan. I want to wish a very happy belated birthday to all of you. I hope you all had a fun day at home and we will have to celebrate all the missed birthdays when we go back to school!
This week it is Lukas' birthday on Monday, so I hope you have a very Happy birthday Lukas!
