

Dear Green Class,

It was so lovely to speak to you last week. I really enjoyed talking to you and hearing your voices. It is not easy talking on the phone, when you can't see the other person. You all did very well! It was so much fun listening to what you have been up to and what your favourite activities are. It was great talking to your parents, who told me how amazing you are, how well you are all doing and that you try your best when doing school work. Also, your parents were telling me that you are playing with your sibling really nicely. You should all be very proud of yourselves. I AM VERY PROUD OF YOU! I miss you so much my lovely Green Class. I often speak to Jane on the phone and we always say how amazing it would be to back at school, all of us together.

My last two weeks have been quite busy. I have been doing some school work and helping Nina with her work. I keep running as often as I can and exercise at home. It is much more fun exercising with other people and I miss my classes in Park Road. When they open, I might go there every day! I especially miss my spinning (cycling) classes because they were always my favourite. I was even thinking of buying a spinning bike but I have no space at home to keep it and they are sooo expensive!

I am at school one day a week to look after the key workers children. It is always fun to go to work and spend some time with them. Two weeks ago I was working with Anita. During lunchtime Anita taught me how to make vegetable curry. She brought her spices from home and I bought the vegetables I like (spinach, lentils and butternut squash). The curry was delicious! I will be making it at home very often now.

Keep working at home. Make sure you read as often as possible. Don't forget to use PurpleMash. There are new activities there every week.

Next week is half-term. I am sending you some activities to do at home if you get bored. It is all about toys.

Make sure you keep all the nice things you have been making so you can show them to me and your friends when we are back at school. I can't wait to see them.

Stay safe my dear Green Class.

I miss you very much. Lots of love,

Natasza xxx
