

Dear Green Class,

I can't believe it has been a week since my last message to you. The time is going really fast for me at the moment. In one way I am starting to get used to sitting at home but I really wish we could all be back in school. I went to look after the key workers' children last week. I went into our classroom and saw all your amazing work on the walls, especially your beautiful Art work.

It made me miss you even more! I think you should be very proud of yourselves for being so strong and coping with this difficult situation so well.

I hope you still got to enjoy the sunshine we had throughout the week. Me and Nina go for long walks and we continue to do some running. I think Nina is getting better at running than I am and she says I run very slowly because my legs are short! We went for a run yesterday and met Lauren with her family. It was lovely to have a little chat and hear what Lauren has been up to. We still watch a lot of TV and read books. We had a lot of fun this week because Nina took out her sewing machine, which she hasn't used for ages. We can't really buy any fabric now but we used some old pillow cases. Nina made herself a great dress out of a pillow case. We have been cooking a lot but we haven't baked anything for a while. The plan is to do it this weekend. We usually have a pizza on Friday. Me and Nina have been spending a lot of time talking to our friends and family online. Gary is well and we enjoy his company as always.

I hope you and your families are well. Can't wait to see you and hear all about the things you have been doing at home. Make sure you do the work I send you every week. There's also a lot of books to read online and fun activities on Purple Mash.

Stay safe, listen to your parents, enjoy your time at home.

I miss you all very much.

Lots of love to you and your parents.

Natasza x

Hello Green Class, I am sending you lots of love! Gary xxx

Hello my little lemon puffs,

I hope you are all happy and well and managing to get some school work done with your Mummies and Daddies.....remember they haven't been to school in years, so YOU have to help THEM!!!

I also hope you're having lots of fun at home (it's not all about schoolwork!!) drawing, reading, playing in the garden, cooking, watching movies, playing on the computer, building dens etc etc.

I managed to go for a walk in the woods on a day when my skin wasn't too bad and my little boy had a great time climbing trees. I really enjoyed being outside for a short while and I found some interesting artwork and dens in the woods. I sent pictures of them to one of my friends and she now has a challenge to find them in the woods the next time she walks her dog there. (See pics)

I should have gone to Ibiza at Easter with my children and 25 of my friends and their kids, I was very sad not to go but understand that it was impossible at this point in time. All of my friends and I had a Zoom meet up on one of the days we should have been on holiday and we dressed up like we were in Ibiza, so my holiday hat came out and I had a Pepsi float to make it feel like I was on holiday, it was one of my most fun nights in the last 4 weeks!!! (See pics)

I miss you all so very much, it's hard not seeing you all every day and I am really looking forward to seeing you soon and finding out about what you've been up to, I'm sure there will be some very interesting stories and I can't wait to hear them.

Take care of yourselves and each other, sending you all BIG cuddles and lots of love, Jane.
XXX 😊

Birthdays

Unfortunately we have missed being able to celebrate the 6th birthdays of Tomas, Jon and Dylan. I want to wish a very happy belated birthday to all of you. I hope you all had a fun day at home and we will have to celebrate all the missed birthdays when we go back to school!
