

Dear Purple Class,

We hope you are all well and are looking after your parents! We're all missing you dearly. We've all been keeping busy to take our minds off of this difficult time:

Duygu has been looking after her family and gardening. She has been going for really long walks so that she can keep fit and healthy.

Tracy has been working at home and playing with her dog Jack. He loves to put his ball in her pond, dishwasher and her mop bucket. He always gets her to throw his ball. She has been taking Jack on walks. She has also been in her garden.

Pat is well and has been going for walks, knitting, making cakes and doing Zumba classes on the internet.

When the sun comes out I continue to garden and have enthusiastically trimmed my rosebush back so that there's almost nothing there! At the weekend, while I was tidying, I came across a tin of bright orange paint so I have painted a feature wall in my living room to cheer myself up during this time.

Please make sure that you're enjoying time with your parents and your siblings, always being kind. We're going to have an especially warm weekend so enjoy the sun even if it's just in your back garden or during a walk.

Make sure you log in to Purple Mash and click on the "to do" button and complete your tasks. Well done to those who have been doing this. Please also don't forget to do some of the activities on Abacus and look at Espresso. The online resources on the school website are also really useful.

Don't forget there's an, "Easter Cake Competition" – you need to email the pictures of the cakes to admin@rokesly-inf.haringey.sch.uk Hope to see you all soon!

Love,
Sarah, Pat, Tracy and Duygu
