Use Purple Mash to write a book review. Chapter 5 and follow up work.

There are several activities that have been set as to dos in Purple Mash so please continue to look at these. Some activities have been set for different days. Continue to work on your multiplication, division, addition, subtraction and shape names and properties.

Don't forget to look at the maths and other activities on Abacus. There are also reading books for you to read.

Continue to write a sentence from one of your reading books at least 5 times everyday remembering to hold your pencil correctly and join your writing if you have been in class Espresso is great for remembering to start at the top and remember we only use capital letter at the start of the sentence or for names. If an adult can copy it in for you that would be great as print is different from handwriting.

Don't forget to read as many books as you can and it would be nice if you can write a book review each week and we can share these when we return to school. Also don't forget to do lots of movement so that you keep fit.
